

# PRESSURE DIGGER DIRT AUGER

# NEW!

Introducing the NEW Pengo PDD augers. The cast heat treated head provides superior wear and performance compared to normal fabricated augers. In addition the cast head is field repairable with standard welding techniques, utilizing low hydrogen welding rods and no pre or post heating requirement.

These rugged augers feature a 30" overall length with a 1 1/2" thick lead flight followed by a 1" thick formed trailing flight. The 10" cut three-flute pilot provides outstanding ground penetration. PDD bits are equipped with the NEW heavy-duty Fas-N-Lok™ 2070 series teeth, making replacement quick and easy. A 3 1/2" square connection comes standard, other connection sizes are available upon request.
